September Issue

Welcome to the September edition of your newsletter.

Fall will soon be upon us bringing with it a new Kiwanis year and a new slate of Club Officers. The summer however was a very busy time for the club. Your President and friendly newsletter editor made the ultimate sacrifice of the summer when we worked at a Heavy Metal Concert to aid the Brandon Cole Foundation concert for anti bullying programs. (At least it wasn't RAP) The club provided food service for the great early seventies Canadian Band April Wine Concert July 27th. August 7-9th The Olds Fair food service, one of our most labour intensive fundraising activities. Our long awaited Casino followed on Aug 17 & 18th. During the summer our summer barbecues were held. Thanks to out hosts Joe & Maureen Gustafson, Bill & Carol Johnston, Sandra & Barry McCurdy, Phil & Margaret Stevens.

A little girl was talking to her teacher about whales. The teacher said it was physically impossible for a whale to swallow a human because even though a whale is a very large mammal, its throat is very small. The little girl stated that Jonah was swallowed by a whale. The teacher reiterated that a whale could not swallow a human, it was impossible. The little girl said, "When I get to heaven I will ask Jonah". The teacher asked, "What if Jonah went to hell?" The little girl replied, "Then you ask him!"

Select Mark Twain Quotations:

The most interesting information comes from children, for they tell all they know and then stop.

Many a small thing has been made large by the right kind of advertising.

The more you explain it, the more I don't understand it.

We have the best government that money can buy.

Do the thing you fear most and the death of fear is certain.

Don't go around saying the world owes you a living. The world owes you nothing. It was here first.

Apparently there is nothing that cannot happen today.

A man cannot be comfortable without his own approval.

A man is never more truthful than when he acknowledges himself a liar.

Action speaks louder than words but not nearly as often.

Anger is an acid that can do more harm to the vessel in which it is stored than to anything on which it is poured.

Facts are stubborn, but statistics are more pliable.

I am an old man and have known a great many troubles, but most of them never happened.
