May Issue

I'm back, June is well under way and this will be the last issue until September or October. We spent three weeks in Vancouver and our little cabin by the sea on the Sunshine Coast. Who would have thought a place with Sunshine in the name could have so much rain. If you are out on the Sunshine Coast: (insert commercial here) pay a visit to the Backeddy Resort and Marina. You are guaranteed a good meal, especially if you tell the food and beverage manager that you are from Olds.
<http://www.backeddy.ca> It is also a very beautiful setting near Skookumchuk Rapids and Princess Louisa Marine Provincial Park .

A Matter Of Perspective

I have my values, and if you don't like them, well I've got some others.

If you don't like something change it; if you can't change it, change the way you think about it.

There has been much tragedy in my life; at least half of it actually happened.

Wit lies in recognizing the resemblance among things which differ and the difference between things which are alike

Not everything that counts can be counted, and not everything that can be counted counts.

I always try to believe the best of everybody -- it saves so much trouble.

We are all something, but none of us are everything.

Everyone is a genius at least once a year. A real genius has his original ideas closer together.

One's first step in wisdom is to question everything - and one's last is to come to terms with everything.

Every man takes the limits of his own field of vision for the limits of the world.
