January

Happy new year to you all and may 2010 be all you want it to be. The cold snap has finally given way to an interlude of above zero weather. It probably won't last long but large quantities of snow have melted away. There is something existential about watching trucks carry snow out of town, it goes against the natural order of nature. The snow falls, the sun comes out, the snow melts. It seems surreal now, the snow falls, the sun comes out, trucks carry it out of town. Guess I better get back on my meds.

The Wit Of Will Rogers

Rumour travels faster, but it don't stay put as long as truth.

An economist's guess is liable to be as good as anybody else's.

I don't make jokes. I just watch the government and report the facts.

We are all here for a spell; get all the good laughs you can.

I never expected to see the day when girls would get sunburned in the places they do today.

Communism is like prohibition, it's a good idea but it won't work.

The only time people dislike gossip is when you gossip about them.

You know everybody is ignorant, only on different subjects.

Take the diplomacy out of war and the thing would fall flat in a week

Even if you're on the right track, you'll get run over if you just sit there.

A remark generally hurts in proportion to its truth.
